## Agreement on Laos Truce Is Now Possible

MOSCOW (AP) — Neutralist Prince Souvanna Phouma of Laos said today he will reach Laos April 25 or 26, "which will coincide with the start of the cease-fire" in his country.

By REINHOLD ENSZ  
MOSCOW (AP) — Britain and the Soviet Union still could not agree today on details of a cease-fire in Laos but British Ambassador Sir Frank Roberts said he expected agreement "very soon."

Roberts conferred for 65 minutes with Deputy Soviet Foreign Minister Georgi Pushkin and then told newsmen the anticipated British-Soviet appeal for a truce between Western-backed forces of Premier Boum Oum and the pro-Communist Pathet Lao probably would not be issued today.

"We will remain optimistic," Roberts said. He declined to say what points remained in dispute.

British officials in London reported Thursday night that the Soviets had agreed in principle to the British demand for a cease-fire before an international conference to unify and neutralize war-divided Southeast Asian kingdom.

Roberts talked with Soviet Foreign Minister Andrei A. Gromyko at a Kremlin party Thursday night and told newsmen, that agreement "seems very near."

## American Newsmen Have Been Freed

MIAMI, Fla. (AP) — All American newsmen in Havana have been freed and are with Fidel Castro in Matanzas Province, according to a Cuban who answered the telephone in The Associated Press Havana office today.

The Cuban, who identified himself as Alberto Lanier, an AP employee in Havana, said Castro "is fine."

There has been no word from any American newsmen on the AP staff in Cuba.

Earlier indirect reports indicated that Castro might have been injured in the invasion.

"Fidel is with the press in the country," said the Cuban who answered a telephone call from Miami. "There will be good information, stories and pictures, in the afternoon."

## Thinks U.S. Behind Russia Ten Years

By WHITNEY SHOEMAKER  
WASHINGTON (AP) — President Kennedy said today the United States may lag behind Russia in space for the next 10 years but is bending every effort to become first to the moon.

The President at his news conference studiously avoided questions about Cuba and the speech he made Thursday saying the United States would not hesitate to act alone against communism in this hemisphere if necessary to protect its own security.

And he said he has no new information on a cease-fire in Laos. But on the general subject of Communist tyranny he declared, "It is a matter to which we must address all our energy and all our attention."

He described this as a major problem for a decade ahead.

## All Around Town

One of the common faults of a newspaper is typographical errors . . . incidentally another fault is the spelling of words man, Lt. Col. Carl Schooley, son of Mrs. J. E. Schooley and his mother, Mrs. Thelma Moore, are the same but have different meanings . . . for instance, yesterday in a story is now in Laos.

Coming into the 'Lions Den' after a slur against Hope, we referred to Liang Bob Daniels, a friend of the Texan and a fellow Texan who is promoting the program . . . it should have been Liang Bob Daniels . . . on second thought . . .

Lt. Col. Robert V. Smith, who has been with the State Department in Laos, is back safely in the U.S. . . . his daughter Anna and his mother, Mrs. Frank Smith, make their home in Hope.

Lt. Col. Smith and his wife, Nellie May of Prescott, a son, J. T. May of Houston; a daughter, Mrs. Louis Hampton of Hope; three brothers, Teba May of Hooks, Texas, Laughton May of Bodeaw, Delbert May of Longview, Texas; three sisters, Mrs. Ida Andrews of Ventura, Calif., Mrs. Mattie Lewis of San Diego and Mrs. Eula Dean Singleton of San Diego.

Services will be held at 2:30 p.m. Sunday at Herdon-Cornelius Chapel by the Rev. Wesley Thompson and the Rev. B. W. Lane.

Burial will be in Memory Gardens.

The Golden Age Club met yesterday for its regular get-together and President Eugene Cox says the group plans a series of studies of the Arkansas Future Series for the month of May.

In the absence of the pastor, the Rev. G. W. Hooten, will bring the message Sunday at Garrett

Memorial Baptist Church . . . and

the Rev. Wesley Thompson will be shown at Calvary Baptist Church Sunday night at 6:45 p.m.

The question of committee follow-up of an irregularity first arose last year after an audit of Arkansas AM&N College at Pine Bluff.

The audit report showed alleged mishandling of a scholarship fund, and several committee members said they wished they had authority to go deeper into the matter.

## Troops Reportedly Sailing Toward Cuba, JFK to Consult Latins

### Cites Need to Battle Reds in Every Way

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Presi-

dent Kennedy announced today that the U.S. is consulting with other Americans states on the cri-

sis in Cuba.

But he declined at a news con-

ference to discuss the situation fur-

ther at this time despite re-

peated questioning by newsmen.

One after another he turned in-

quiries aside though at one point

he said bluntly that he was ob-

viously the responsible officer of

the U.S. government.

Questions on Cuba did lead the

President into discussing several

related issues. He made these

points:

**PSC Right to Rule  
Pay TV Challenged**

LITTLE ROCK (AP)—A group of Arkansas motion picture theater owners Thursday challenged the right of the state Public Service Commission to regulate pay television.

The owners asked the PSC to dismiss a petition by Midwest Video Corp. Midwest asked the commission to direct Southwestern Bell Telephone Co. to furnish the needed facilities for a pay television system in Little Rock.

The theater owners said pay television is not a public utility and is outside the jurisdiction of the PSC. They also contended that

pay television would more properly be regulated by the Federal Communications Commission.

The theater owners asked permission to intervene in Midwest's application. The group includes Independent Theater Owners of Arkansas Inc., United Theaters Corp. and Rowley United Theaters Inc.

Southwestern Bell asked the PSC to require Midwest to underwrite costs of the experimental system. The PSC has set a hearing for May 8.

Radio Station WOK, opened in Pine Bluff in 1920, was the first Arkansas radio station to broadcast speech and music.

**Development of Red River Is Urged**

ALEXANDRIA, La. (AP) — Claude Kirkpatrick, director of the Louisiana Department of Public Works, today urged immediate start of a program for comprehensive development of the Red River.

Speaking at a public hearing here, Kirkpatrick outlined a five-point program of developing the river for navigation, bank stabilization, flood control, recreation and pollution abatement along the Red from Derisor Dam in Texas to its junction with the Atchafalaya.

Kirkpatrick pointed out that four states and two district offices of the Corps of Engineers would be involved in the plan. He said the corps has been limited to defensive measures in its control of the upper Red, but "we should begin now" to develop the full potential of the river.

"The federal government is particularly interested in seeing that programs such as this go forward," he said.

"This has not always been the case and I feel we should seize the opportunity presented to us."

A second public hearing on that part of the Red River Valley below Fulton, Ark., is scheduled Friday in Shreveport.

**J. N. Voss Joins G&F Construction**

G & F Construction Company, Inc., announces that Mr. James N. Voss, formerly of Fort Worth, Texas, recently joined the firm. Mr. Voss was a partner in Voss and Sons Construction Company which firm constructed several homes and commercial buildings in the Fort Worth area.

G & F Construction Company, Inc., was formed last year by a group of local businessmen to build modern homes under contract and for sale. Several attractive homes were built last year under the supervision of Mr. W. H. Gunter, Jr. but due to taking over his late father's business Mr. Gunter resigned from the firm the latter part of the year.

Vincent W. Foster, president of the G & F Construction Company, Inc., stated, "We are very fortunate to have Mr. Voss as our building supervisor. His many years of experience in building all sizes and types of homes as well as commercial buildings will be a definite asset to our company."

"Hope has a serious shortage of attractive modern homes and we have lost a number of residents because of this situation. Realizing that this is partly due to prospective homeowners not having sufficient cash down payment to purchase a home, we are building new homes requiring only 3% down payment up to \$13,500.00 with thirty years to pay balance and for Veterans, who qualify, no down payment.

"In beautiful Southland Heights Addition we are building on large well drained lots, paved streets, all utilities paid for, and at low lot prices. Our homes are designed for the budget minded family who realize that low maintenance cost and low utility bills are a part of the cost of home ownership. Our concrete slabs are extra reinforced and will carry the weight of brick veneer without the danger of cracking up. It is a specially designed foundation.

"We will feature built-in ovens and table top stoves, ceramic tile in 1½ baths, 3 bedroom homes with double closets, storage garages, patios, and many other features offered in much larger cities.

"There are many families who now own a home but are dissatisfied with the space, location, and modern features. We will accept a home in trade on our new residences providing a market not offered by any other firm.

"Foster Land & Realty Company will handle all sales, financing, and trade-ins. We invite the public to inspect our homes as they are being built and see for themselves the quality of workmanship."

broadcast added:

"The fight is hard. It is not easy to defeat the traitors, who are operating with the intervention of Russia, China and Czechoslovakia."

How many invaders may have made it into the mountains to join up with anti-Castro guerrillas is a matter of conjecture. Cuban exile sources in Miami, Fla., say about 1,000 fighters went ashore. Roundabout Communist reports put total prisoners at 500.

In support of its claim that the invasion was the work of "Yankee mercenaries," Havana radio said prisoners told of being flown from the United States to a camp in Guatemala. They were quoted as saying they were trained there by 25 instructors from "the Yankee army."

The Havana broadcast said the prisoners reported they were flown to Puerto Cabezas in Nicaragua where they boarded the "North American military transports."

Guatemala and Nicaragua have denied officially they had anything to do with the operation. Havana said all captured weapons were "North American arms" and including tanks, machine guns, rifles, antitank guns, rocket launchers, flame throwers and trucks.

The rebel invaders earlier had charged they were met on the beaches by Soviet-made tanks and were attacked by Soviet-made MIG jets.

Havana radio asserted Prime Minister Fidel Castro personally led the fight against the invaders. His absence from Cuban airwaves has led to speculation he may have been incapacitated or shunted aside by the Communists.

a study of automation and technological improvements in agriculture and industry.

But he also noted a House subcommittee already had been at work on that subject which he described a "genuine national problem."

LEGISLATIVE PROGRAM — Asked how he would evaluate the progress of his domestic program in Congress, Kennedy said he was encouraged by overwhelming passage in the Senate of his bill to raise the minimum wage to \$1.25 an hour. He also took hope from action on aid to dependent children and on broadening Social Security benefits.

He was less optimistic about prospects for his plan to provide medical care for the aged through the Social Security system. He said it is very possible that the Senate will vote on the medical care program this year but that House action depends—because of the rules—on prior action by the House Ways and Means Committee.

## 3-Way Tie for Second in the National Loop

By JOE REICHLER  
Associated Press Sports Writer

Charlie Dressen has a tendency to pop off but even his detractors

admit he usually knows what he's talking about.

The outspoken Milwaukee manager has maintained all his Braves need to win the pennant is a strong bullpen. He blames last year's failure to win the flag on the flop of relief pitcher Don McMahon.

Dressen's claim received strong support Thursday night when the Braves overcame a 6-1 deficit with five runs in the ninth inning and one in the 11th to nip the Philadelphia Phillies 7-6.

After starter Lew Burdette was rocked for 10 hits in 4-2-3 innings, the Phillies got just six hits. Ron Piche picked up the victory.

St. Louis and San Francisco climbed into a three-way tie with Pittsburgh for second place, one half game behind the National League-leading Cincinnati Reds.

The Cards thumped the Los Angeles Dodgers 11-2 and the Giants whopped the Reds 2-1. Chicago's Cubs shut out the Pirates 3-0.

In the American League, New York swept a double-header from Los Angeles 7-5 and 4-2. Detroit trounced Cleveland 11-4 and the Chicago White Sox defeated Washington 6-4. The other AL teams were not scheduled.

Pinch-hitter Mel Roach's three-run homer and Frank Bolling's two-run double produced the tying rally for the Braves in the ninth. Two innings later, Roy McMillan, hit by a pitched ball by Johnny Buzhardt, scored the winning run on a single by reserve catcher Charlie Lau.

Right-hander Glen Hobbie won his first game of the season for the Cubs with a six-hit shutout over the Pirates. He struck out seven and walked one.

Mike McCormick won a south-paw hurling duel from Jim O'Toole permitting only four hits for his second Giant victory. Until he gave up a run in the ninth, he had hurled 17 straight scoreless innings.

The Cards pounded Dodger starter Stan Williams and his inept relievers for 17 hits including a pair of home runs by Daryl
